

RESONANCE

HELPING WOMEN CHANGE. FOR GOOD.

2019 IMPACT REPORT

AT RESONANCE, OUR MISSION IS CLEAR:

to help justice-involved women rebuild their lives and create a new future. Each year Resonance serves hundreds of women through addiction treatment and prison-to-community reentry programs. We know when these women get their lives back on track, everyone benefits. Providing the tools they need to succeed is proven to decrease the intergenerational cycle of poverty and incarceration. And as these women become clean and sober, employed and serving as role models for their children, our community becomes a better place.

CHANGE

RESONANCE HELPS WOMEN SUCCEED IN MANY WAYS:

Intensive outpatient addiction treatment
in lieu of incarceration

Intensive addiction treatment during incarceration

Reentry services to help women release from prison to a job and safe,
sober housing

Mentoring and continued education

Transitional employment and housing through Take 2: A Resonance Cafe

Assessments and classes for driver's
license reinstatement
